

SIGN OF THE TIMES

Volume 1, Issue 5

Dated: August 2010

Sign Plus have been established for 18 years and have seen a number of their workforce join the company straight from school - Their combined knowledge base in the sign industry amounts to over 125 years of experience!

Our clients are from a variety of sectors and include many shops, health boards and universities, council authorities, and individual private companies from all over the U.K.

Running Ahead Of The Competition.....

An "electric atmosphere" gripped Pittencrieff Park as the newly titled Sign Plus Dunfermline Half Marathon drew its second highest ever number of entrants. Runners refused to let the rain put a dampener on proceedings as they limbered up to run in the 25th anniversary of the race. Sign Plus jumped at the chance to work along side Run Dunfermline at this years event with the need for various aspects of signage and promotional merchandise making us the perfect match. Indeed it could be said that Sign Plus ran ahead of the competition in the race to secure the sponsorship.

Sign Plus helped in making it a special day by supplying a variety of signs from advertisement boards, external mile markers, various exhibition banners and stands (both internal and external) and the coveted medals and trophies for all the runners and the winners on the day. Sign Plus are already looking ahead to next years half marathon and are aiming to continue the sponsorship with Run Dunfermline to make sure that the entry will be the largest yet.

Congratulations to Sign Plus Finance Manager - James Barbour who completed the run in a very creditable 1 hour and 42minutes.

If You Want To Get Ahead — Get A Hat!!

“If you want to get ahead – get a hat” was a famous strap line for one hat retailer and Sign Plus must clearly be in front having been chosen to supply the head wear for the Dunfermline Children's Gala for the second successive year (and the fourth year out of five that we have been involved). The theme this year was “Carnival” so Sign Plus submitted a draft based upon multi-colour baseball cap design which was accepted by the gala committee.

Emblazoned with the logo of the principal sponsors – FMC Technologies – the hats added a wealth of colour to the parade of 3000 primary school children on the last Saturday of June.

Clinical Research Imaging Centre

The work at The Chancellors Building at Edinburgh Royal Infirmary was one that saw Sign Plus and Edinburgh University work closely together to establish stylish and elegant signage for the Clinical Research Imaging Centre with a built up brushed stainless steel sign tray fitted above the main glass door entrance.

The other aspects of this job involved designing and manufacturing an external monolith sign at two metres in height, fabricated from brushed stainless steel with 20mm flat cut acrylic letters fitted to the face. The job was completed with ‘The Edinburgh University’ crest once again manufactured out of a 1mm brushed stainless steel disc.

FMC Batons

The continued success of FMC Technologies brings regular good news to the business pages. In recognition of the importance of good supplier relationships they are hosting a supplier day where invited companies are being presented with a commemorative scroll inside a sand blasted and lettered glass baton.

To take the project from concept to completion FMC called upon Sign Plus to 'take up the challenge.'

The finished product sits on a bespoke acrylic holder and all fit neatly inside a specially designed presentation box.

For that 'unusual' request that you may require Sign Plus have the solutions!

'Campion' In Signage

The encouraging sight of building developments gathering pace is good news for all.

Local builders Campion Homes have an exciting programme of housing projects ahead including the Rosemount Estate in Leven and have called upon Sign Plus to manufacture the complete range of signage to promote the site to potential house buyers who, on completion of purchase, will be given a very classy Key-Ring with each set of house keys—the Key Ring also supplied to Campion by Sign Plus!

This demonstrates the Sign Plus ability to provide a one-stop shop approach for all visual branding.

Larger Than Life

Celtic Football Club commissioned Sign Plus to assist them with the planning and launching of their new 2010 home strip. The official launch of the strip took place on Wednesday the 26th of May 2010 with a 'larger than life' banner helping to promote the classic green and white hoops. The banner was made to an overall size of 12m x 25m and made from a special lightweight PVC material in order to allow for ease when fitting.

PVC banners are one of the most cost effective, high impact, hassle free, bespoke solutions a company or individual can utilise. Their user friendliness, adaptability and simplicity make them the number one indoor and outdoor branded product with our clients.

Whether your campaign requires simple text or a complex full colour message, a national print run or a simple but targeted one off banner for a local event, Sign Plus can take the hassle away and advise on the most effective way forward.

Quality, Service and Value

As well as spending management time, and effort to promote personnel skills and practice, the company also constantly reviews its equipment, processes and methods employed to ensure the customer gets the most appropriate product and service and, therefore, in the longer term will be recognised by its customers, and competitors, as a market leader in the provision of exceptional quality, service and value.

Sign Plus offer a professional service to cater for all your signage requirements.

We design, manufacture & install many types of signs including (but not limited) to:

- Internal Signs
- External Signs
- Free Standing Signs
- Health & Safety Signs
- Post Mounted Signs
- Engraved Signs
- Traffic Signs
- Photoluminescent Signs
- Window Graphics
- Vehicle Livery
- Promotional Items

‘Shot On Target’

This years Dunfermline Athletic Open Day was bigger and better than ever and Sign Plus played their part in making it a day to remember. Sign Plus agreed to set up a target practice stall with a chance to win a signed DAFC football strip or a signed DAFC football. Throughout the course of the day Sign Plus managed to raise over £400 for the Mary Leishman Foundation. Sammy the Tammy even fancied his chances of getting a shot on target.

A couple of weeks later Sign Plus welcomed Jim Leishman to Bristol House where he delivered one of his motivational talks to the Sign Plus staff before being presented with a cheque for the Mary Leishman Foundation.

Allow Sign Plus to make Signage that works for you!
